Portsmouth, Hampshire, PO3 5FN, UK

## SEA-FIRE ADDS MAURITIAN DISTRIBUTOR, CO-HOSTS EVENT

Sea-Fire Marine has signed Nu Engineering and Security Services Co. (NESCO) as its newest distributor. The Republic of Mauritius-based company will market Sea-Fire's marine fire detection and suppression technology for recreational, commercial and government vessels. As a first step to the new relationship, they jointly hosted a Fire Extinguishing and Suppression Technology seminar at the Mauritius Gymkhana Club, Vacoas-Phoenix, Mauritius.

For nearly five decades, NESCO has provided creative, innovative and cost-effective fire protection solutions throughout the Mascarene Islands of La Réunion, Mayotte and Mauritius. Currently active in the marine sector, it maintains the firefighting equipment of the Mauritius National Coast Guard. Beyond Sea-Fire Class ABC type products, NESCO will market the innovative LiCELL™ line of lithium-ion battery extinguishers and related suppression devices. Its website is [www.nesco-ltd.com](http://www.nesco-ltd.com).

"The quality and effectiveness of Sea-Fire products align seamlessly with our commitment to excellence in firefighting equipment and services," said Ravin Jayekurun, NESCO operations executive officer. "Our valued partnership with Sea-Fire is due to the support and vision of Ashok Pahladi, company owner and CEO. We look forward to embracing the opportunities and challenges that lie ahead."

-more-

"Ravin and his team are well-known throughout the region for providing leading-edge fire suppression technologies," said Alain Isabelle, Sea-Fire technical sales consultant. "We are pleased to welcome NESCO as our newest distributor."

Since 1978, Sea-Fire Marine has manufactured a wide range of portable, pre-engineered and engineered fire systems. Its products are built to ISO 9001:2015 standards and meet all major international approval standards.

Speakers for the Fire Extinguishing and Suppression Technology seminar included Alain Isabelle and Ernie Ellis, Sea-Fire president. Participants learned the latest trends, practical strategies and integrated solutions in fire suppression. The event also highlighted LiCELL lithium-ion battery and AT-series fire extinguishing solutions and Fire-Hawk Safety products.

Sea-Fire is dedicated to protecting people and property at sea. It manufactures a wide range of state-of-the-art marine fire detection and clean agent suppression systems to ISO 9001:2015 standards and all major type approvals. Its products are used on recreational, commercial and military vessels and shore-side structures around the world.
